

# Speech Anatomy 2

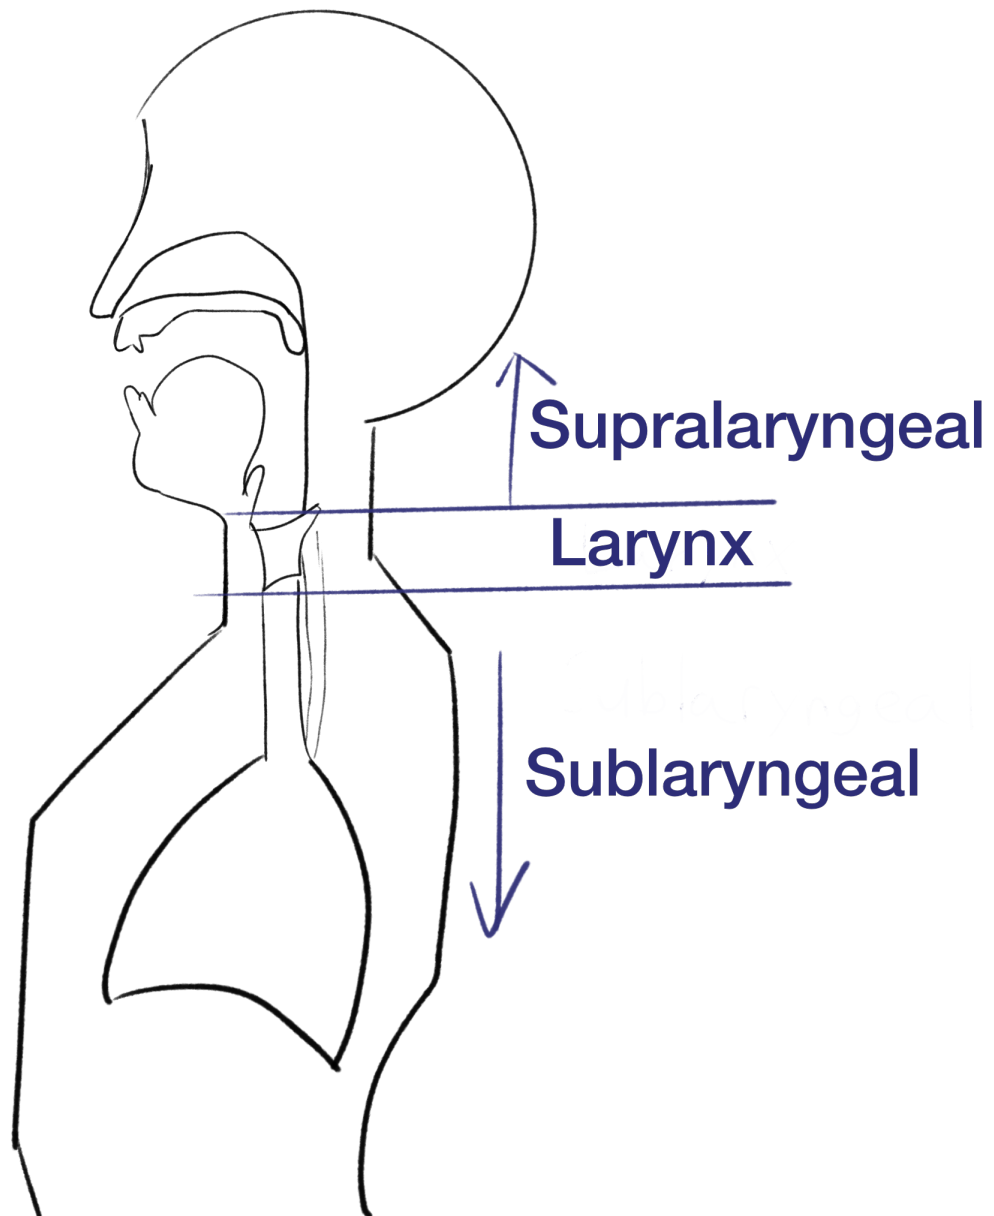

## Sub-laryngeal Anatomy

Dr. Josef Fruehwald

2026-08-27

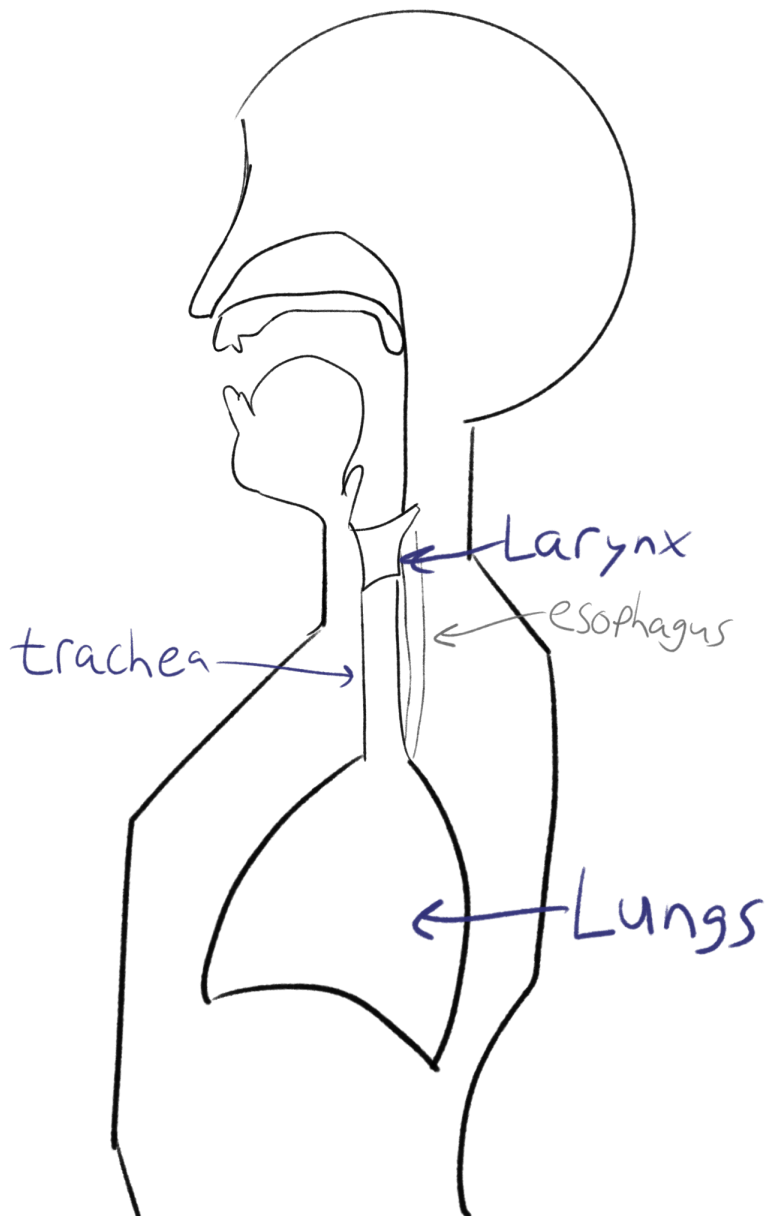

## Sub vs Supra Laryngeal

## Sublaryngeal Vocal Tract

### Moving air around

#### Option 1: The lungs (pulmonic)

- On the out-breath: “egressive”
- On the in-breath: “ingressive”

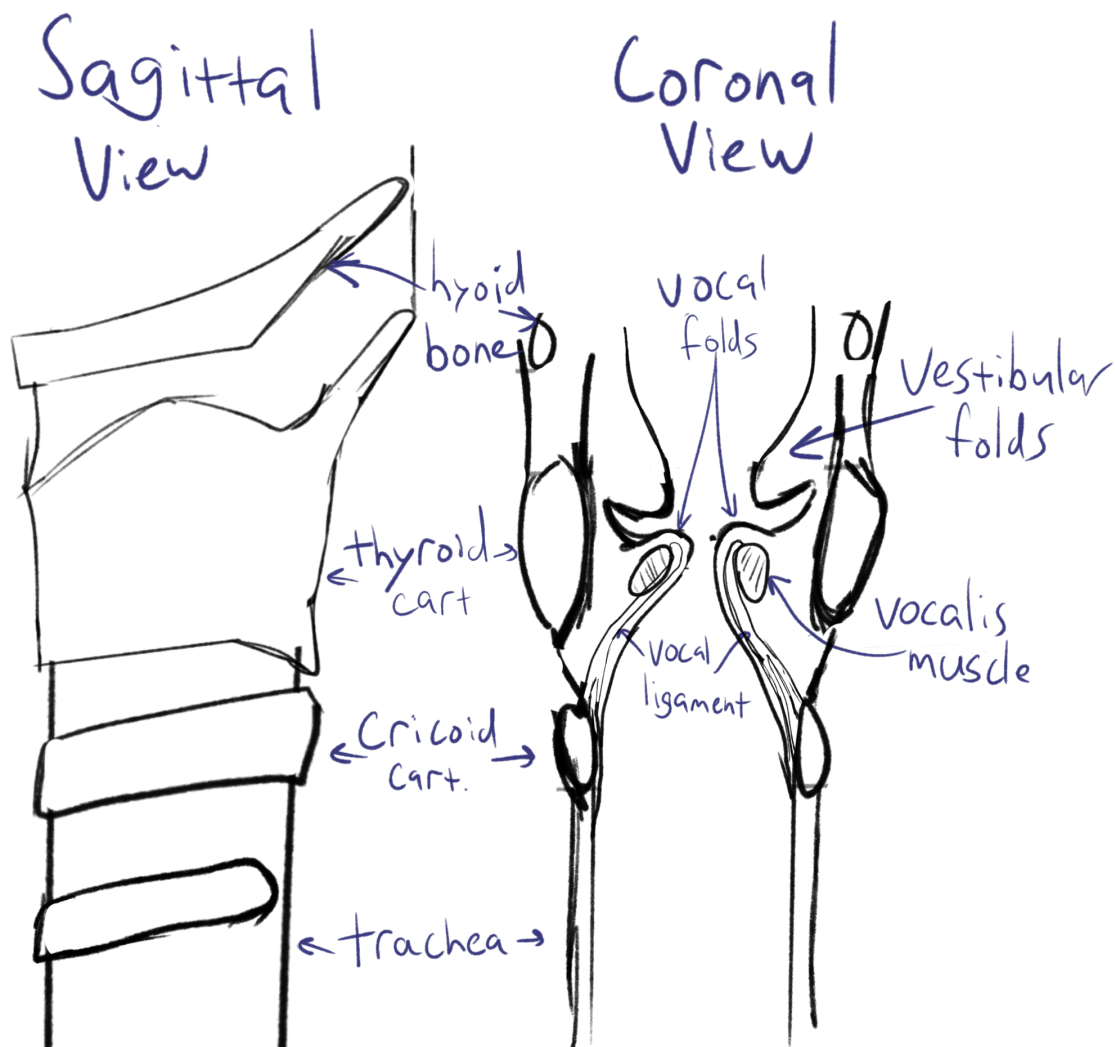

## Moving air around

Ingressive:

[...] no language uses the pulmonic *ingressive* airstream in any systematic way.

Many languages, including some Englishes, use ingressive speech for “backchanneling”.

## Larynx

## Larynx and the voice
