

# Speech Anatomy 2

## Sub-laryngeal Anatomy

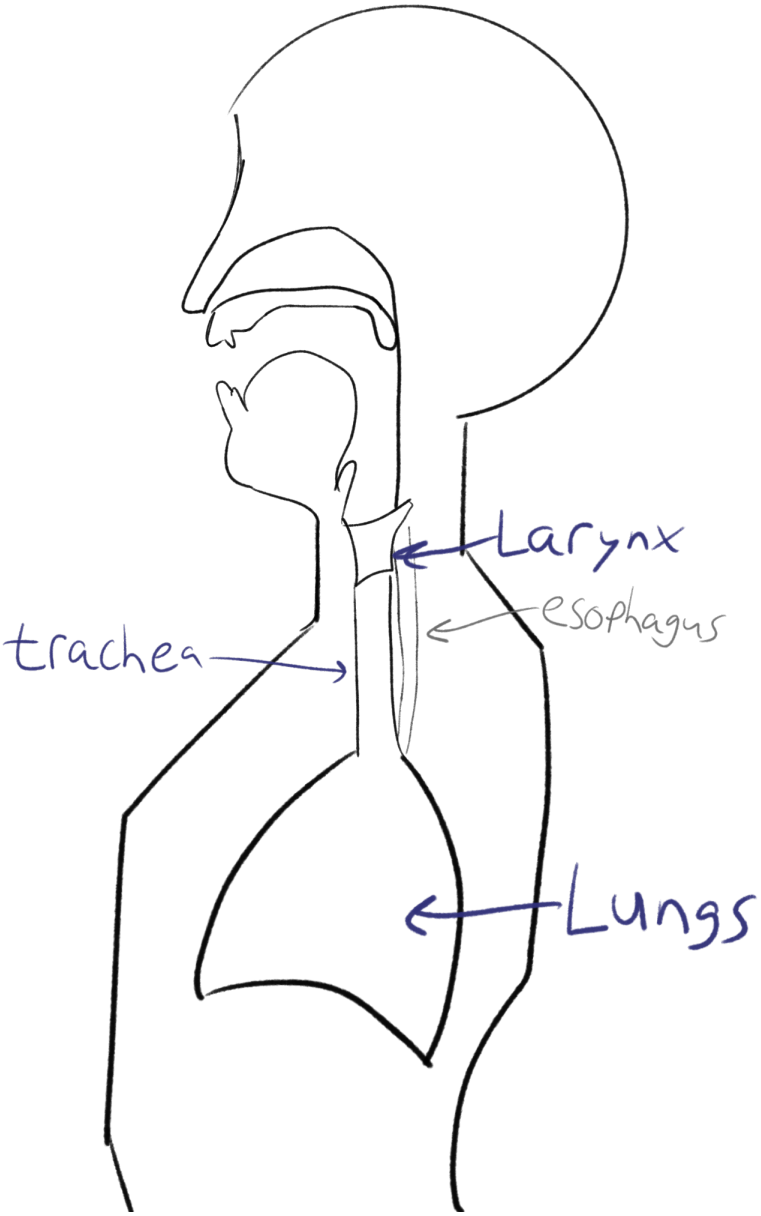

Dr. Josef Fruehwald

2026-08-27

Sub vs Supra Laryngeal

## Sublaryngeal Vocal Tract

## Moving air around

### Option 1: The lungs (pulmonic)

- On the out-breath: “egressive”
- On the in-breath: “ingressive”

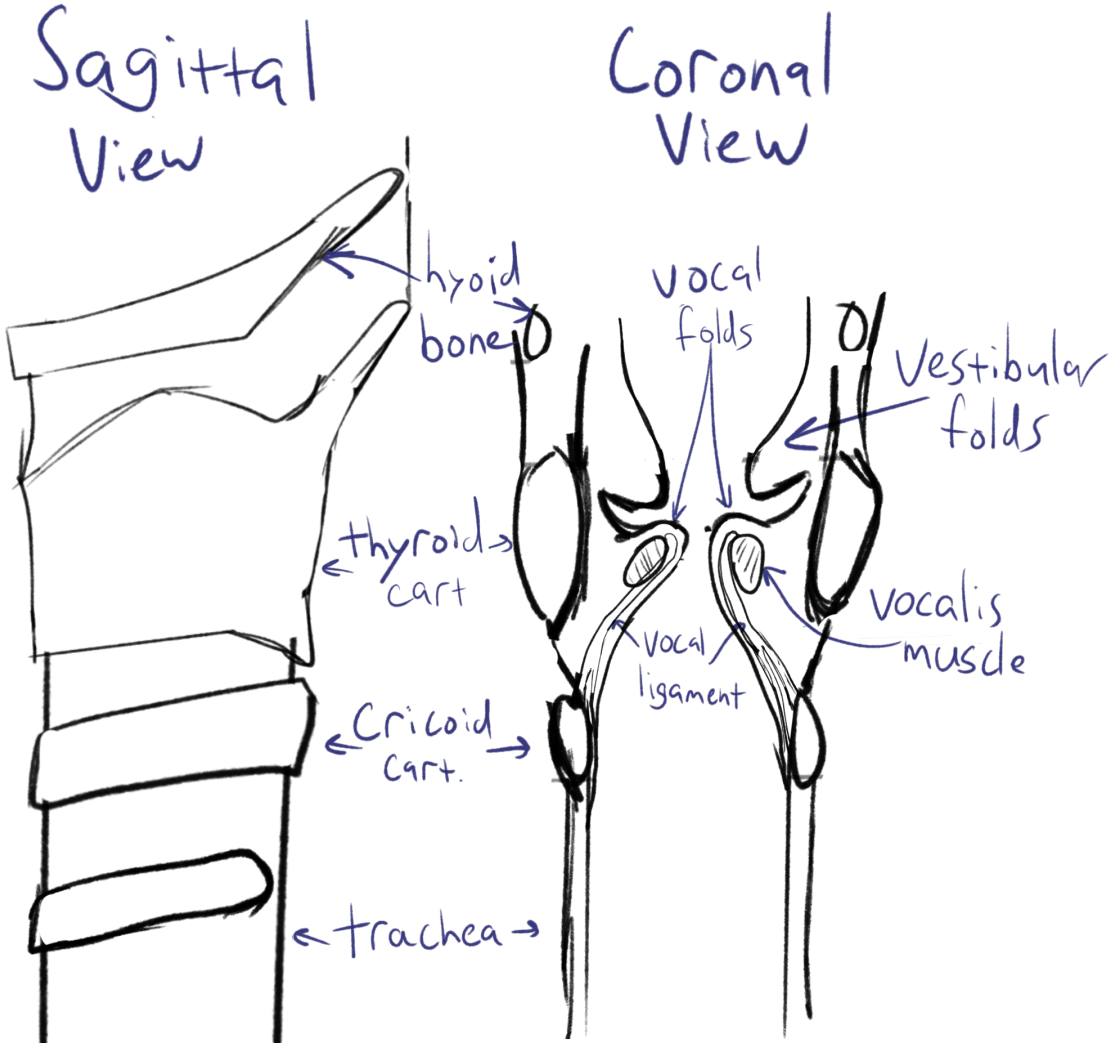

## Moving air around

### Ingressive:

~~[…] no language uses the pulmonic *ingressive* airstream in any systematic way.~~

Many languages, including some Englishes, use ingressive speech for “backchannelling”.

## Larynx

## Larynx and the voice
